

About the ISPCC

The ISPCC – Irish Society for the Prevention of Cruelty to Children – is Ireland’s leading national charity for children in Ireland. Through our Childline, Childfocus, Teenfocus and Leanbh services, we are there for children in Ireland around-the-clock, 365 days of the year.

Our volunteers and workers give a voice to thousands of vulnerable and distressed children who would otherwise be left to suffer in silence. Often we are the light at the end of their tunnel, but sadly we do not have the resources or funding to be there for them all when they need us most.
