Caregivers Tips for Internet Usage for Children

Set a time limit

Set time limits so that children don't stay in cyberspace for too long.

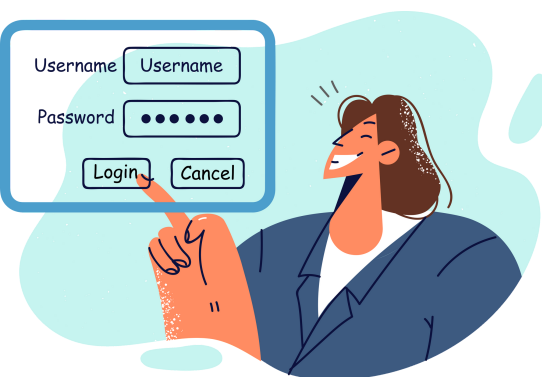

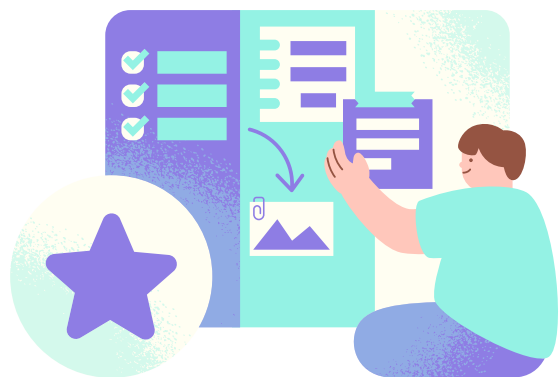

Parental Guidance

Be involved as a parent in your child's online activities to provide direction and supervision.

Select Appropriate Content

Teach children to choose content that is educational and age appropriate.

Privacy and Security

Teach children to protect personal information and understand the concept of online security.

Learn the Danger Signs

Teach children to recognize online danger signs and tell parents if they feel unsafe.
